

MSCTN

Comfortable and Durable for Low Risk Uses

APPLICATIONS

General Purpose
Low Risk Environments
Automotive
Paper Manufacturing
Plastics and Molding
Appliance Manufacturing

FEATURES

For protection against minor scrapes or abrasions common in low-risk environments, the MSCTN sleeve provides outstanding comfort and value. This 2-ply seamless knit sleeve features a blend of natural cotton and polyester to provide the cool comfort of cotton plus the long-lasting durability of polyester. The MSCTN sleeve also provides low level protection against conductive heat. This sleeve is machine washable and will last through repeated use. Altogether a great value. Made in the USA.
